KINDERGARTEN

KINDERGARTEN READINESS

Our program is designed to enhance your student's readiness for kindergarten by focusing on reviewing and strengthening previously learned skills while promoting social adjustment in the classroom. Developmentally appropriate curriculum will be creatively introduced through language arts, math, social studies, science, and Bible.

* PLEASE NOTE

Kindergarten students must be born on or before 6/30/2018. For newly enrolling students, immunization/health record and a copy of the student's birth certificate must be submitted to the TCS Admissions staff no later than 1 week prior to start of student's Summer session. Your student will not be allowed to attend without this documentation on file, per Hawaii State regulations.

1st GRADE, 2nd—3rd GRADE, 4th—6th GRADE

Don't get caught in the "summer slide!" By continuing to review facts and staying engaged in learning, your student can maintain and even increase the skills and knowledge they acquired during the school year and will be ready to leap forward in August. During the Summer Advantage programs, students will be covering grade appropriate language arts and math. They will also have music instruction each day as well as "Game Time" and time for free play and recess. The students will be separated into grade-specific cohorts throughout the morning program—one for first grade, one for second to third grade; and one for fourth to sixth grade.

Afternoon Discovery

Students will enjoy a variety of afternoon activities, both indoors and out, including swimming.
